ROHAN N KARNKOTI

CYBERSECURITY RESEARCHER | PENETRATION TESTER

WEBSITE : https://rohannk.com

ABOUT ME

CyberSecurity Researcher and a Penetration Tester with experience in coding and pen-test. I am equipped with the ability to conduct a penetration test and write a professional report based on my findings. I am a quick learner with a thirst for knowledge and continuously work towards increasing my skillset.

CERTIFICATIONS

Offensive Security Certified Professional (OSCP)

Dante Pro Labs

Summer Camp on Fraud Detection and Security By VIGYANTRAM (IIT Delhi)

Wreath Network By TryHackMe

FDP on CyberSecurity from NIT Patna

Throwback Active Directory

eLearnSecurity Junior Penetration Tester (eJPT)

PROJECTS

GITHUB **st (Simple Terminal)**

Patched and customized st (simple terminal) by suckless.org. Also creating a custom .bashrc file and a customized .vimrc file.

GITHUB **dwm (dynamic window manager)**

Patched and customized dwm (dynamic window manager) by suckless.org. Exploring an alternative to the traditional GNOME and XFCE offered by most Linux systems.

GITHUB **dmenu_pentest**

Created a bash program that uses dmenu's functionality to automate repeated tasks during a pentest. Also learned advanced bash scripting and implemented xautomation in the project to automatically stabilize shells.

GITHUB **THMkoth-Forever-King**

A bunch of bash scripts to make sure that you remain the King in TryHackMe KoTH matches. The scripts would make sure that you get the points as root and at the same time patch a few vulnerabilities in the system to lock out other players. Hence, guaranteeing your victory.

GITHUB **Rebound**

Created a simple arcade game using HTML and Javascript.

EDUCATION

B. Tech **CMR Institute of Technology**

Computer Science Engineering

SCHOOL **Ryan International School   (2009-2021)**

Passed 12th Grade with 91% in Board Exams
